

Club Advertising Policy

SGA Policy # 6

All organizations that are funded or receive funding from the Student Government Association must have their flyers approved by the Student Life Center and have it marked with an official stamp clarifying that the club and event are funded using the Student Activity Fee.

Reasoning:

1. Students are not aware of all the activities that they pay for and this is one easy, low-cost avenue to make them aware of what their Activity Fee is used for.
2. This will not adversely affect or put undue pressure on clubs or anyone who receives our funding.
