Instructions

- 1. Solely as a matter of computational convenience, for purposes of creating a schedule for accruing and using leave hereunder, a "day" is defined as eight hours. This definition is not intended to have any wider application and does not otherwise reflect any agreement or acknowledgment as to the length of a workday.
- In the Payroll Period/Dates column, indicate beginning and ending dates of each pay period covered by the Voluntary Reduction in Work Schedule (VRWS) agreement.
- 3. For each pay period, indicate all days/time worked (include number of hours worked) and days/time not worked in the Days/Time Worked columns, that is, indicate all pass days and all VR leave. If using other accruals in conjunction with the VR schedule, these days/time should also be included in the schedule. Use the codes listed below to indicate category of days/time.
- 4. Where the schedule repeats each pay period, fill out the schedule (include number of hours worked/not worked) and days off for the first pay period only and indicate "same" for subsequent pay periods.
- 5. For partial day absences, indicate number of hours worked/off and code for category of leave (example, 6.0-W; 2-VR).

Work/Leave Category Codes: VR - VR Leave, AL - Annual Leave, W - Day Worked, X - Pass Days
