## ANSC 450 Bachelor Degree Internship Program Student Learning Outcomes & Objectives and Activities

### Internship Student Learning Outcomes ANSC 450:

- Students will develop the skills necessary to effectively communicate their thoughts and ideas in both written and oral form.
- Students will develop a high level of ethical and professional standards, thereby improving future employability.
- Students will utilize their understanding of animal science to make sound decisions that will allow them to function effectively in the ever changing animal industry.
- Students will master the technical and practical skills necessary for day-to-day operations at the cooperating internship site.
- Students will understand the role that the cooperating entity plays within the larger context of the agricultural world.
- Students will demonstrate self-direction and initiative in performing assigned duties.

### Internship Objectives and Activities Instructions:

1. Please review the outcomes above with the Faculty Supervisor.
2. **In a new document**, list objectives of your internship and the specific activities to be completed. Indicate approximate amount of time to be devoted to each activity. Be as specific as possible. (The Faculty Supervisor will provide guidance in initial preparation of this section with input from the Site Supervisor.)
3. Once completed and approved by your faculty supervisor, please attach **this form AND your typed document** (Word or PDF document required) to the Internship Learning Agreement (ILA). *Please do not attach and submit this document until everyone agrees to the objectives and activities you've provided.*

For help completing this task or with the internship registration process please email [internships@cobleskill.edu](mailto:internships@cobleskill.edu)
