

## BIOL 480 Bachelor Degree Internship Program Student Learning Outcomes & Objectives and Activities

### Internship Student Learning Outcomes BIOL 480:

- Apply concepts and principles of the sciences that are fundamental to the discipline biotechnology.
- Demonstrate safety skills in the workplace.
- Maintain positive relations with others through teamwork and supervision.
- Maintain a work notebook, write a final report.
- Obtain practical experience that will build upon their academic base and prepare them for successful job entry and a career in the varied and rapidly advancing field of Biotechnology.

### Internship Objectives and Activities Instructions:

1. Please review the outcomes above with the Faculty Supervisor.
2. **In a new document**, list objectives of your internship and the specific activities to be completed. Indicate approximate amount of time to be devoted to each activity. Be as specific as possible. (The Faculty Supervisor will provide guidance in initial preparation of this section with input from the Site Supervisor.)
3. Once completed and approved by your faculty supervisor, please attach **this form AND your typed document** (Word or PDF document required) to the Internship Learning Agreement (ILA). *Please do not attach and submit this document until everyone agrees to the objectives and activities you've provided.*

For help completing this task or with the internship registration process please email [internships@cobleskill.edu](mailto:internships@cobleskill.edu)
